---

## SKILLS

**Mobile:** React Native, Expo, Mobile App Architecture, iOS/Android deployment

**Frontend:** React, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS

**Backend:** Node.js, Express.js, RESTful APIs, MongoDB, Supabase, Google Cloud APIs

**Languages:** English (Native), Japanese (JLPT N4 in progress)

## WORK EXPERIENCE

### Full Stack Developer (Maintenance)

Dec 2025 – Present

*Vocabo Vocabulary Builder • vocabo.io*

- Maintaining and updating Next.js marketing website with 200+ indexed pages for targeted SEO
- Ongoing maintenance and bug fixes for Chrome extension

### React Native Engineer

Dec 2025 – Dec 2025

*PWG Windows & Doors*

- Built and maintained scalable React Native mobile application improving field engineer site-visit efficiency and data management
- Led Expo SDK migration (52 to 54), resolving breaking changes and ensuring continued platform support
- Translated complex business requirements into well-architected, manageable components
- Integrated real-time calendar synchronisation and dynamic forms using RESTful APIs
- Collaborated in Agile environment with cross-functional teams including designers and backend developers

### Junior Full Stack Developer

Apr 2024 – Dec 2025

*Vocabo Vocabulary Builder • vocabo.io • Chrome Web Store (100+ users, 4.9★)*

- Developed and deployed a Chromium browser extension using React, TypeScript, and Vite
- Architected monorepo using pnpm Workspaces and Turborepo, managing content scripts, background workers, and API integrations
- Implemented DOM mutation observation with adaptive debouncing for efficient text processing on dynamic content
- Built Express.js backend on Google App Engine with Google Translate API, Text-to-Speech, and Japanese tokenization

### Front-End Developer

Feb 2024 – Apr 2024

*Open Fern Studio*

- Created responsive, SEO-optimised business website with modern UI practices and animations
- Implemented form handling with email integrations and optimised performance

### COVID-19

Mar 2020 – Sep 2021

*Used this period to study and improve coding knowledge through self-directed learning*

### Bar Staff

Sep 2018 – Mar 2020

*Colours Shoreditch, London*

- Delivered excellent customer service in a high-volume, fast-paced nightlife environment
- Worked autonomously and collaboratively within a team to ensure smooth event operations
- Assisted with event management and coordination for large-scale venue nights
- Handled cash transactions, stock management, and maintained bar standards under pressure

## EDUCATION

<b>Ravensbourne University London</b> BSc (Hons) Broadcast Engineering – 2:1 <i>Software Development, Engineering Mathematics, Python &amp; Data Structures, Computer Architecture, Algorithms</i>	Sep 2021 – Apr 2024
<b>Belfast Metropolitan College</b> Extended Diploma IT Level 3	Sep 2015 – Jun 2018

## SOFT SKILLS

**Adaptable and self-motivated**, demonstrated through independent project ownership and working autonomously in fast-paced environments

**Problem-solver** with proven ability to troubleshoot complex technical issues and translate business requirements into practical solutions

## PERSONAL PROJECTS

### Zutsu

*React Native/Expo notification-based language learning app with Tatoeba API integration, MMKV storage, and audio playback for daily passive practice*

### Meetly

*TypeScript application for finding the midpoint station between two locations*

### Portfolio Website

*Next.js personal portfolio showcasing projects and experience — [angusblomley.com](http://angusblomley.com)*

## CERTIFICATIONS

<b>Front-End Development Certificate</b> <i>Codecademy</i>	May 2024
